## Retirement Income You Can't Outlive

A word from Aaron

People are living longer today than at any other time in history. While this is certainly a good problem to have, it creates a new worry for those facing retirement: what if I outlive my savings? How does a retirement income that you cannot outlive sound to you?

This always appeals to most K of C members and it can be true for you if you open a Knights of Columbus annuity account that is designed to provide guaranteed long-term security. As a knight, you can open a retirement annuity for as little as \$300. Consistent savings into this annuity over time will provide an income at retirement that you cannot outlive. Couple that guarantee with the fact that no one has ever lost money put in a Knights of Columbus annuity (remember, absolute safety of principal) and you will have peace of mind.

Don't forget, contributing money to an annuity will allow you to save some money on your income tax return. And our annuities offer a very competitive interest rate, consistent with our primary goal of absolute safety of principal. These benefits are similar to those of an IRA or similar product, but ours is backed by the strength and financial stability of the Knights of Columbus.

I will be happy to meet with you at your convenience, to explain in detail the benefits of selecting our annuity, along with the benefits of our top-rated life insurance and long term care insurance plans.

As you consider options as you proceed toward retirement, think about one thing guaranteed to help you and open a Knights of Columbus annuity. Call me - let's talk.

Tuesday, July 13<sup>th</sup>- New officer installation and awards banquet  
6:30 pm in the Social Room in lieu of regular meeting.  
Families invited!

## Parrish Weekend

The Parish weekend was a success again this year. Great weather and help from dozens of Knights helped overcome several obstacles, such as the shortage of space due to the school construction project, the City of Lenexa's untimely road resurfacing on Pfluum, and shortage of usual parking.
